UZZIAH YAMBAYAMBA LUKEKA

✉: uzziahlukeka@gmail.com | ☎: +48 536 310 963 | GitHub | Linkedin | 📍 Warsaw, Poland

As a dynamic and driven student, I bring a solid foundation in web development with a specialization in back-end applications , particularly using PHP framework Laravel. I have demonstrated proven expertise in PHP and Laravel's ecosystem , including Eloquent ORM , Blade templating , and RESTful API development. My experience spans a diverse range of collaborative projects, including ventures in machine learning and artificial intelligence, highlighting my aptitude for innovative problem-solving and a dedication to delivering outstanding results.
